Tests Starting Order

Test 1: 1-8

Test 2: 9-17

Test 3: 18-26

Test 4: 27+

The format for the event is as follows:

Saturday: 3 Tests completed 4 times.

Sunday: 4 Tests completed 3 Times

- Please go straight to your relevant starting test after drivers briefing. The Link between the tests will be arrowed. All Tests will be numbered.
- Please queue in running order to start with. Once underway, it's up to you to keep moving. If there are long queues at a test try an alternative test it will be possible to utilise 2 Timecards.
- Please allow double drivers to skip the queue, within reason. If at all possible, try to facilitate them.
- All finish lines are stop astride. Front 2 wheels Stop.
- The non-competitive sections are to be driven at low speed, so no messing.
- Please ensure that you are familiar with your test before you start. Arrows have been put in place, but remember to circle a pylon and not drive past it, if this is the case. For all beginners, this is very important, make sure you're comfortable with where you have to go before you start, don't just assume it'll be arrowed or you'll figure it out when you get there.
- Lap belts to be worn at all times, marshals will be checking. Failure will incur a fail penalty for that test. Also, please keep your windows rolled up.
- All tests are visible at all times by the marshals; they can see you, even if you can't see them. Obey any instructions or flags given by the marshals, they are there for your safety

and also to catch you out if you hit pylons.

- Please hand in your completed time-cards as soon as possible. Results for this event can be timely if competitors fail to do this.
- Please help and keep the venue tidy by using the Bins provided.

Hot Food & Drinks will be available on both days at the venue by 5 Star Catering, well known Irish Motorsport Supporters.

If you need Accommodation contact the Accommodation Officer Eoin Longworth who will only be too glad to find you a bed. Sleeping partners are optional!!!!!!
