

## Final Instruction 3

- 3.1** Please park vans and trailers as instructed while you are doing your notes.  
**Please note Driver & Navigator must produce their license and Driver must have up to date IRDS/BRDS/NES prior to Sign on for pace note making**

One of the more contentious areas in Irish Rallying is Pace Note Making It is therefore the Club's intention to rigorously enforce MI regulations in this regard - You must not forget that the residents of the Stages deserve your care and respect in regard to your conduct on these roads - you could meet farm machinery, animals, children, virtually anything,

The Ravens Rock Rally is entering a new area this year and many residents are not familiar with the objectives of Recce. Therefore we must insist that you drive in accordance with the regulations of the yearbook and respect both residents and the sport.

## 3.2 Bales on page 19 of roadbook

Please note a change to diagram 10 of the roadbook. There are two bales on the left and right of the junction – these are marked on the road. It is not a chicane. (text is correct)
